

Woolpit Clinics was founded in 2013. We believe in the importance of promoting all aspects of health care including talking therapies and physical health treatments as well as treatments for general wellbeing.

Treatments currently offered include counselling, CBT, EMDR, acupuncture, sports and remedial massage, exercise rehabilitation and training and pregnancy massage to name a few.

We are committed to supporting all the local businesses involved at the clinic to grow and develop by promoting services offered via the website and regular social media postings. We understand the importance of flexibility and so rooms can be booked from 8 am to 9 pm and are available 6 days a week.

**Ad-Hoc Bookings** - If flexibility is important, ad-hoc bookings may work well for you as you can book individual hours over the week with no monthly commitment. Appointments are booked for a minimum of 30 minutes

**Permanent/Repeat Bookings** - If you would prefer to have the certainty of a particular room or particular hours each week, it may be more suitable for you to make permanent block bookings. Block bookings are made for a minimum of 4 consecutive hours each week.
